Sherman Middle School is a diverse, fully inclusive learning community. We value positive relationships as central to building and maintaining a safe learning environment. We hold high expectations, both academically and behaviorally, for all students, which are clearly communicated, consistently modeled, and positively reinforced. We support every student in achieving his or her potential and preparing for future opportunities and active citizenship. We offer a Common Core State Standards-based curriculum that is student-centered, culturally responsive, and relevant. We model teamwork, collaboration, collegiality, democratic governance, and a commitment to lifelong learning. We partner with families and community stakeholders to nurture the intellectual, social, and emotional development of our students.

School Principal: Kristin D. Foreman

Equity Vision

We are committed to leveraging the talents and skills of all adults to ensure that opportunities, resources, and an inclusive environment result in equitable access and support for all students so that deeper learning can take place.

Strengths

Sherman Middle School is dedicated to supporting its students throughout their academic day and beyond. Our unique team model ensures that every Sherman student is placed on a team of teachers who rotate between instruction and support for the core subjects of English Language Arts, Math, Science, and Social Studies. This model facilitates the integration of curriculum and allows teachers to offer individual and group attention to all Sherman students. It also emphasizes the importance of relationships and creates a positive climate for teaching and learning. Additionally Sherman utilizes community partners to allow students a variety of experiential learning opportunities during and after school.

Vision Connection

Our school supports MMSD's vision that all students acquire the skills and abilities needed to be successful, including a mastery of content areas, growth mindset, self-knowledge, creativity, wellness, interpersonal skills, confidence, cultural competence, and community connection. Through these skills and abilities, our students will graduate college, career, and community ready.
